

## LTC 902x Series VCR Lock Boxes

- ▶ Tamper Protection for VCRs
- ▶ Accommodates Most VCRs
- ▶ Includes Cooling Fan
- ▶ Can Be Attached to Horizontal Surfaces
- ▶ Strong, Sturdy, Lockable Cabinet
- ▶ Ideal for Securing Other Devices

The LTC 9022 Series and LTC 9023 Series are VCR lock boxes designed to prevent tampering of video cassette recorders. These units discourage tampering of preprogrammed recorders and erasure of tapes. Two models are available to accommodate most present day VCRs. A viewing window is included with only the LTC 9022 Series units. All models may be used for safeguarding other devices such as control units.

### Functions

These sturdy lockable boxes are constructed of heavy gauge steel to deter unauthorized entry. The hinged front doors and mechanically interlocking tops allow quick and easy access by authorized personnel to remove tape or change programming.

A continuously running integral cooling fan maintains room temperature and reduces the accumulation of dust within the cabinet.

A rear access port provides convenient entry of camera wiring, power cords, and other cables.

### Installation/Configuration Notes

LTC 9022 Series VCR Lock Boxes

LTC 9023 Series VCR Lock Boxes

**Parts Included**

Quantity	Component
1	LTC 902x Series VCR Lock Box

**Technical Specifications**

**Electrical**
